

PEACE IN CHINA IS NOW IN SIGHT

Germany Abandons Its Demand For Punishment of Chinese Leaders.

TO NEGOTIATE FIRST

United States Diplomacy Scores Another Triumph In the International Arena.

NEW GERMAN NOTE TO COME

Washington, Oct. 4.—Germany has backed down from the attitude she assumed some time ago concerning punishment of leaders in the attacks upon the legations at Peking, and will soon submit a new note to the powers. The new proposal will be much less drastic than the one formerly offered and will not insist upon the punishment as a preliminary to negotiations. Authorities greatly relieved.

It is claimed by the German foreign office that their first proposal was misunderstood and that their plan did not involve as much harshness as the powers have ascribed to it. However this may be, the Washington authorities are greatly relieved at the news that the kaiser has modified his demands and that he now shows a disposition to co-operate with the powers in a reasonable and therefore probably effective scheme of negotiations.

The Danger Is Over.

There has been a good deal of fear, not only in Washington but in all the capitals of the world, that Germany might insist upon pursuing a high-handed course, which would certainly lead to international trouble. Now that this danger has seemingly been averted by the moderation and good sense of the Berlin government, it can do no harm to state that there was a tacit understanding among the powers to stand squarely in Germany's way if Count von Waldersee attempted to carry out the program of the flaming sword.

There Was Danger of War.

Whether or not this would have led to the great war between European nations predicted by M. de Blowitz, of Paris, is, of course, a matter of speculation. But that there was danger of it no well-informed diplomatist is willing to deny. Appreciation of the danger was one of the prime considerations with this government in reaching its decision to withdraw our army from Peking. If there was going to be an international row we did not propose to get mixed up in it.

Must Thank Uncle Sam.

At this moment the prospects for a peaceful and satisfactory settlement of the Chinese problem, without dismemberment of the empire, are brighter than they have been for months. Of course it is as yet impossible to gauge the sincerity of powers like Russia and Germany, and no one can say how soon the situation may again change for the worse. But just now the outlook is decidedly encouraging. For this gratifying condition of affairs the world has the United States to thank.

BADGER METHODISTS MEET AT APPLETON

Opening Session Taken Up With Much Routine Business—Ban Placed On Book "David Harum"

Appleton, Wis., Oct. 4.—Regular sessions of the Wisconsin Methodist conference opened here this morning with a large attendance, and with Bishop Mallien of Boston presiding. After a sacramental and memorial service the business session for the day was held. Nels Mathewson, a lay member of Neenah, expelled three years ago for indiscreet language, was reinstated on the ground of illegality of the action expelling him.

The name of Rev. William Forkell, who withdrew from the conference last year and started an independent church at Green Bay, was dropped from the rolls, as was also that of the Rev. J. W. Eltscholtz, at his own request.

Reports of presiding elders of the five districts showed the church of the state to have made substantial material and spiritual progress in the past year.

A sensation was created by a motion by Rev. A. J. Mead, of Appleton, secretary of the American Bible Society for Wisconsin and Michigan, to exclude all reporters and appoint a committee of conference members to prepare all accounts of proceedings for the press. After debate, in which some of the reporters were characterized by Mr. Mead as "beardless boys and incompetents," and were warmly defended by Rev. A. M. Bullock, of Appleton, the motion was laid on the table.

The placing of a ban upon the book "David Harum" by the West Wisconsin conference last week resulted in the sale of the entire stock on the official book stall of the conference here today. Last evening a missionary service was held.

N. Landon, proprietor of the Chicago Clook and Fur house, is home from a business trip to Chicago.

OHIO PUBLISHERS TO MEET.

Preparations in Progress for Next Week's Gathering at Canton.

Canton, Ohio, Oct. 4.—Preparations are under way for the reception of the newspaper publishers of this section of Ohio, who meet here Oct. 8. The meeting is in answer to the call of James C. Diederick, president of the Canton News-Democrat. The call is as follows:

"To the Publisher: Acting upon the request of Mr. Frederick Driscoll, of Chicago, commissioner of The American Newspaper Publishers' Association, of which organization the News-Democrat is a member, the undersigned hereby calls a meeting of the publishers in the counties of Stark, Columbiana, Carroll, Harrison, Jefferson and Tuscarawas, to be held in Canton, Ohio, Oct. 8, at 1:30 p. m., at the parlors of the Barnett House.

"The purpose of the meeting is to form an organization covering the six counties named, of all publishers, for the purpose of cultivating a just and proper spirit in business and other relations, and to secure harmonious action in matters of common interest, also to protect and assist each other whenever necessary.

"You are most earnestly invited to be present as it is essential to have all the newspapers in the district named represented. Please advise me whether you will be present. Yours truly, "James C. Diederick."

MARK TWAIN COMING TO HIS OLD HOME

FEELS LIKE A BOY REJUVENATED IN BODY AND MIND.

Discusses the Private Hotel Lumbago and Remarks of England, "We Are the Only Friend She's Got On Earth."

—Chinese Comedy Is Likely to End in a Tragedy.

London, Oct. 4.—Mark Twain will leave London on Saturday to make his home in the United States after five years' residence in Europe. He returns, he says, feeling like a boy, rejuvenated in body and inspired in mind.

The great humorist will spend the winter in New York and will go back to his old home, Hartford, Conn., in the spring. "I am not here for my general health," he said, "but for lumbago. It is not the ordinary kind of lumbago, either, but what is called 'private-hot lumbago.' One gets it from the beds. They are uncharacteristic firm, and their main characteristic is of a geological nature. They are composed of silurian superimposed upon sandstone and still contain the imprint of the prehistoric man.

Rests on Ancient Reputation.

"The English private hotel was once the best in the world. It is still the quietest, but its other merits are in decay. It is lingering upon its bygone honorable reputation. Many elderly English people still cling to it from inherited habit and arrested development. Rich Americans frequent it through ignorance and superstition. They find in its austere solemnity and sabbath, repose a charm which makes up for high charges and mediaeval inconveniences. Pretenders who can't afford to live in Dover street at all affect lumbago because it conveys the impression that they live in private hotels there."

America England's Only Friend.

Mark Twain added that five years' contact with Englishmen and continentalers had assured him that the Anglo-American pact existed in everything but writing. "England," said he, "is the best friend we have got in Europe, and we are the only friend she has got on earth. No one ventures to suggest a formal offensive and defensive alliance, but is over mutual interest that sentiment along that line should grow in the hearts of our people. The time is coming when each of the two great peoples will need it in their business. It is out of my line to be pessimistic, but I think that the Chinese concert, which has already become a comedy, is likely to end in a tragedy. When the crash comes it will be best for England, best for America and best for the world that the union jack and the stars and stripes should wave together."

IT IS CONTINGENT UPON ELECTION

McKinley Success Means the Erection of a \$400,000 Plant—Not to Be Built If Bryan Wins.

Detroit, Mich., Oct. 4.—Wallace Franklin of Detroit, representing Westinghouse, Church, Kerr & Co., says his company is preparing plans for a \$400,000 steel car plant to be located in Detroit in case President McKinley is re-elected. The plant will be built near that of the Peninsular Car shops. The promoters state that in case Bryan is elected the plans will be indefinitely abandoned. The plant will be erected for the purpose of manufacturing steel cars. It will be run in competition with the pressed steel company organized two or three years ago.

New Orleans, La., Oct. 4.—The Hammond Cotton Mill Company, which has been preparing to erect a large cotton mill at Hammond, La., decided at a director's meeting today to discontinue all work until after the November election and McKinley's success is assured. Bryan's victory will cause cancellation of all contracts.

REPUBLICAN VOTE IS PLACED AT 266

DEMOCRATS ARE CREDITED WITH ONLY 112 VOTES.

Republican National Committee Gives An Estimate of the Electoral College—Forecast Based on Sure States Excluding Those Wherein Results Are Doubtful Which Number 69.

New York, Oct. 4.—For the first time in the Presidential campaign of 1900 the Republican National committee has authorized the publication of a forecast of the Electoral College vote. Unofficial compilers have been busy for some time, and largely upon their figures have the betting odds been based.

But official notice has never been taken of these, and in the estimate given out at the Republican headquarters the utmost conservatism has been used in the computations. As in '96, "Joe" Manley C. Maine is the man who does the figuring, and his thorough knowledge of the country's general political situation makes him well equipped for the task.

Certain for McKinley. The figures, as given out, represent votes that are considered assured for McKinley, and, with these as a groundwork, efforts are being made to warrant an increase in the succeeding bulletin. The table is as follows:

McKinley	266
Bryan	112
Doubtful	69

Necessary for a choice. 24. "The members of the committee have been careful in estimating the result of the election," said National Committeeman Joseph H. Manley in discussing this claim at headquarters today. "They have desired to avoid misleading the public in any way.

"They have watched the situation with the utmost care. They have had every state carefully canvassed and polled. They know the condition thoroughly in every section. They feel absolutely confident now as to the result. They know that it will be impossible to defeat the re-election of President McKinley. They are equally positive that he will receive a larger number of electoral votes than he received four years ago.

Hopes for Nebraska. "In Nebraska, the Republicans are confident of carrying the state, and the information received during the last few days would almost justify placing this state in the sure Republican column.

"The light in Indiana will be closer than in any of the other states, but with the thorough organization which the Republicans have in that state and with the popular state ticket the chances are largely that these votes will be found in the McKinley column, which would give 231 electoral votes for McKinley and Roosevelt. A determined and persistent contest will be made from now on to place Colorado, Idaho, Kentucky, Nebraska, and Utah firmly in the Republican column, with their thirty-one votes. The members of the committee are confident that this can be done, and they are working with a fixed purpose to see to it that McKinley and Roosevelt receive 312 electoral votes, as against 271 votes received four years ago.

Gives McKinley Only 94.

Chicago, Oct. 4.—Chairman Jones, being in Indianapolis yesterday with a good part of the usual attendants around Democratic national headquarters, Vice Chairman Johnson had but little to occupy his mind. So he took up the figures of the National Committeeman Manley, given out in New York, showing estimates of the Electoral vote next month, and proceeded to go Manley about 100 per cent better.

Mr. Manley was willing to give Bryan a number of states, but Mr. Johnson showed no such liberality. In fact, the only states he put in the McKinley column in his estimates were:

Electoral	Votes	States	Electoral	Votes	States
Connecticut	6	Pennsylvania	32		
Iowa	13	Rhode Island	4		
Maine	11	West Virginia	6		
Massachusetts	15	Vermont	4		
New Hampshire	4				
Oregon	4	Total	94		

He put Michigan with 14 votes, Minnesota with 9, and New Jersey with 10, a total of 33, in the doubtful list. All the remaining states, with a total of 320 Electoral votes he declared were sure for Bryan.

Humbert's French Foster Brother. The inscription on a wreath of Ardenne heather on the coffin of King Humbert revealed the fact that he had a French foster brother, one Leon Gorinlot. The person is mayor of Mambert Fontaine in the Ardennes.

STRIKERS ARE FIRM IN THEIR DEMANDS

Not a Single Man Returned to Work This Morning in the Anthracite Coal Regions

Scranton, Pa., Oct. 4.—[Special Telegram]—Not a man returned to work this morning in response to the offer of an increase in wages posted a few days ago by the Lackawanna company in this district. The notice specified that the increase would apply only to those who returned to work today.

The attitude of the miners in resisting the bat greatly strengthens the confidence of the union. Great crowds gathered around the collieries of the Lackawanna company this morning expecting to see at least a few of the men go to work, but none came. Nobility is willing to venture a prediction as to when the strike will end.

GEN. E. S. BRAGG IS OUT FOR M'KINLEY

WILL SPEAK IN CITY OF MILWAUKEE ON OCT. 13.

Hanna, Payne and Frye Will Travel Together In the North-west—Spooner At Watertown Next Saturday—Nourse Talks to a Good Crowd at Evansville.

Milwaukee, Oct. 4.—Gen. Edward S. Bragg announced in Fond du Lac yesterday that he would accept the invitation extended by many Gold Democrats of Milwaukee to address a public meeting in this city. While the formal acceptance has not been received here, arrangements for the meeting will be made without delay and it will probably be held on Oct. 13.

Hanna, Payne and Frye.

National Committeeman Henry C. Payne will accompany Senators Hanna and Frye on their trip in the West next week. The first stop will be made at Madison, where the Ohio senator and the statesman from Maine will address a monster rally. From Madison, the chairman of the Republican committee and Senator Frye will strike out for South Dakota—Senator Pettigrew's stamping ground. A few stops will be made in Minnesota, without doubt, but South Dakota will be the objective point.

Spooner at Watertown.

The part which Senator John C. Spooner will take in the state campaign will be limited to a series of speeches which he will make the closing week before election day; for immediately after the address which he is to make at Watertown Saturday evening of the present week, he is to start on an extended tour that will take him to Ohio, Indiana and West Virginia, and require his presence out of the state until well toward the end of October.

Democratic Speakers Billed.

Democratic meetings in Wisconsin are being announced. Bourke Cockran will speak in Milwaukee, Oct. 12 and in Oshkosh, Oct. 15. Webster Davis, ex-assistant secretary of the interior, will speak at Chippewa Falls in the afternoon and at Eau Claire in the evening of Oct. 13. Senator Tillman will make a number of speeches in the northern part of the state about the middle of the month. He will be heard at West Superior, Ashland, Hurley, Marinette, Oconto, Green Bay and Fond du Lac. It was stated at the Democratic state central committee headquarters yesterday that Adlai Stevenson and David B. Hill would speak in Milwaukee some time during the campaign.

Green County All Right.

J. B. Treat, of Monroe, formerly chairman of the Republican state central committee, was in the city yesterday. He reports that the Republicans are gaining ground in the neighborhood of Monroe.

Nourse Speaks at Evansville.

Evansville, Oct. 4.—The Republican campaign was opened here last night by Dr. Robert Nourse, of Washington, D. C., who delivered an eloquent address to an enthusiastic audience. At the close of his speech, an animated discussion between the speaker and democrats on the canteen question was held; a large majority of the audience agreed with Dr. Nourse that the canteen was preferable to the saloon.

BELOIT TO HAVE A FAIR

Business Men Plan to Hold a Great Agricultural Show in That City Next Year.

Beloit, Wis., Oct. 4.—Beloit will have an agricultural street fair next year. A meeting of the business men and citizens will be held next week to lay plans. Splendid grounds are available and farmers are enthusiastic over the prospects. C. H. Everett, manager of the Morgan stock farm, formerly secretary of the State Agricultural association, and J. N. Chamberlain, a breeder of shorthorns, are the prime movers in the enterprise.

AN EXPEDITION TO PUNISH THE REBELS

Gen. Hare Sent to Marinduque Island To Avenge Capture of Capt. Shields and His Men.

Washington, Oct. 4.—[Special Telegram]—Gen. McArthur at Manila, reports the arrival of the transport Strathgyl. He also announces an expedition to be sent to Marinduque to avenge the capture of Captain Shields and company of the twenty-ninth infantry. MacArthur says: "The First infantry will be sent to Marinduque, Oct. sixth on the Sumner. Gen. Hare to command on the island with orders to push operations until the insurrection is stamped out absolutely. He will have twelve full companies of infantry for that purpose. Anderson's first operations developed nothing. No reports since October 2nd."

Falls for \$250,000.

Harrisburg, Pa., Oct. 4.—B. H. Eagle, the most extensive builder in this city, has failed. His liabilities will reach \$250,000 and his assets approximately \$200,000. Judgments and mortgages cover about \$100,000 of the liabilities.

DISCUSS THE SERVANT GIRL

National Household Economic Convention in Session at Toronto.

Toronto, Ont., Oct. 4.—The National Household Economic convention today attracted a large attendance. The feature of the morning session was an address by Mrs. Hoodless of Hamilton, Ont., who said that the Ontario government was the first in the world, so far as she has been able to learn, to have a normal school for domestic science teaching.

At the afternoon session the all-absorbing "servant girl problem" came up for debate. In comment on the suggestion that, as there are 100 typewriter girls seeking places to one cook, commercial education for girls be dropped out of the public school curriculum and cooking put in its place.

Mrs. Helen Campbell made a speech, saying the age was one of progress, and the domestic, after long years, was coming to her own. These engaged in this work were getting to rise in the social plane, she said, possibly by the general adoption of the New Zealand system of domestic labor bureaus, graduated wages, and other regulations raising service to the status of a trade.

JUDGE PHILO ORTON DEFENDS HIS LAW

SAYS INSURANCE COMPANIES ARE EXTRAVAGANT.

Hearing Before Tax Commission Continued—Defends the Measure and Maintains It Offers the Most Equitable Plan Yet Suggested—Arguments Made By Company Representatives.

Madison, Wis., Oct. 4.—The State Tax commission spent yesterday afternoon listening to arguments on insurance taxes, on which were begun Tuesday. Judge Philo Orton, of Darlington, the father of the Orton law of 1899, made a strong speech, which occupied the entire forenoon, in favor of the principles on which his law was drawn.

He made some severe comments on the management of life insurance companies, and urged that the taxes imposed by this law be retained until the commission and the legislature find some better scheme. Judge Orton disputed the statement of Willard Merrill of the Northwestern Mutual Life company that the taxes imposed by the Orton law were unfair or excessive.

The main question to be decided he said, was whether the \$125,000,000 reserve of the company should be taxed or not. The whole question of insurance taxation, as applied to that company, at least, hinged on that.

Are Extravagantly Managed.

During his argument Judge Orton declared that life insurance companies were extravagantly managed. The people in charge of the companies, he said, do not try to save every dollar they can for the policy holders.

Insurance companies like the Northwestern should be taxed because they loaned their funds in competition with other capitalists who were taxed, and to tax one capitalist on his funds and not another was to discriminate unfairly.

It was true that the Northwestern company had reduced the rates of interest in the Northwest, but it had been able to do this because it had been favored in the matter of taxation.

In the afternoon the fire insurance company men had their turn, and addresses were made by W. E. Friend of the Milwaukee Mechanics for the home companies and L. C. Stark of Chicago for the foreign companies. The commission will hold another hearing of the fire insurance companies.

BRYAN'S PRESENCE ATTRACTS CROWDS

He Arrived At Indianapolis About 2 O'clock—Democratic Clubs Re-Elect Old Officers.

Indianapolis, Ind., Oct. 4.—[Special Telegram]—Attracted by Bryan's presence, the crowds at the national democratic clubs were largely increased today. The democratic candidate arrives at two forty o'clock, being met at Lebanon by the state committee. Bourke Cockran arrived at noon from Chicago.

At this morning's session all of the old officers were re-elected except Senator Clarke, of Montana, for treasurer. It was announced that he was too busy to continue the work and Marcus Daly was chosen. Speeches were made by Lewis Stevenson, son of the candidate for vice president, and P. B. Dove, the former president of the commercial traveler's league.

Bryan Passed Through Chicago. Chicago, Oct. 4.—[Special Telegram]—Bryan passed through Chicago at seven o'clock this morning en route to Indianapolis, but there was no demonstration.

YELLOW FEVER IS LESS IN HAVANA

Havana, Oct.—[Special Telegram]—Eighty-four cases of fever are reported today, a considerable decrease. Friends of former director Rathbone declare that the recent charges against him are a part of a political plot of the administration and Gen. Wood is a party to it.

BOLD MEN STEAL AN EXPRESS CAR

Bandits Hold Up a Passenger Train Near Council Bluffs, Iowa.

ONE OF THEM KILLED

The Robbers Ran Away With the Engine and Car Containing the Safe.

DEAD MAN IS IDENTIFIED

Council Bluffs, Iowa, Oct. 4.—Lying at the morgue in this city, with a bullet hole through the heart, is the body of a man powerfully built, with black hair and mustache, about 6 feet tall and aged apparently 45 years. He was one of two men who held up the Kansas City passenger train on the Burlington road, three miles south of this city at midnight. Express Messenger Charles Baxter killed him.

The two robbers boarded the train at the Union Pacific transfer in this city, and climbed over the tender just as the train was crossing the Mosquito creek bridge. Engineer Donnelly and Frank Holman, fireman, who were in charge of the engine, were ordered to slow up as soon as the train crossed the bridge. While one man held a revolver on the engine crew his companion went back and cut off the baggage and mail car, leaving the day coaches and sleepers standing on the main line.

Acting under orders the engineer pulled the baggage and mail cars half a mile down the track, where a stop was made. Here the robbers approached the express car and ordered Messenger Baxter to open the door. He refused. Under compulsion Engineer Donnelly attached a stick of dynamite to the side door of the car and blew it open. In the meantime Messenger Baxter, seizing his gun, escaped from the door on the opposite side of the car.

Escapes as Door Is Blown Off.

As soon as the door was opened one of the robbers entered the car, while his companion marched the engineer and fireman back to the engine. Baxter crept around in front of the engine, and, seeing the robber standing guard over the engine, fired one shot, killing him instantly.

As soon as the shot was heard the robber in the car jumped to the ground and fled through a cornfield. The dead man was picked up, placed on board and the train was backed into this city. The body was searched, but nothing found on it by which it could be identified. It was dressed in a neat suit of black clothes, over which overalls and jumper had been drawn. In the pockets were found \$15 and a watch and chain. Conductor William McGrew, who was in charge of the train, thinks the dead man is one George of St. Joseph.

Robber in the Car Flees.

The robber who escaped was larger and taller than the dead man, being apparently above six feet in height. Both men were masked and both wore overalls and jumpers. The robber in side the car was preparing to blow the safe at the time his companion was killed.

After putting on a new express car and transferring the freight train proceeded to Kansas City.

Robbers Are Identified.

Council Bluffs, Oct. 4.—[Special Telegram]—The train robber killed last night by Messenger Baxter was identified this morning as Al. Poorman, a barber. His suspected partner giving the name of D. R. Knight has been captured.

COWBOYS CHEER GOV. ROOSEVELT

Some of Them Chase His Train a Mile—Prices of Cattle Up and We'll Never Get Free Silver

Valentine, Neb., Oct. 4.—[Special Telegram]—Every cow puncher in Valentine county lined up here this morning when the Roosevelt train arrived. The governor spoke to them in a happy vein, saying: "Prices of cattle are up, yet we do not get free silver." (Cheers.) When the train pulled out one hundred cowboys on ponies chased the train for nearly a mile, one carrying a banner with "Teddy" inscribed on it.

Roosevelt ran into a populist crowd at Ainsworth where he was interrupted frequently by cries of "ten to one Bryan carries Nebraska." The governor became nettled and in concluding his speech said, "I wish you all the prosperity consistent with the total wreck of the whole populist outfit in Nebraska." There were more cheers for Bryan and more cries of "ten to one."

Mrs. J. S. Bowdoin of Davenport, Ia., is the guest of Mr. and Mrs. W. T. Shaw. She will remain in the city about a week.

VOTES TO EXTEND THE WATER SERVICE

PIPE LINE WILL GO TO CHOATE- HOLLISTER PLANT.

Considerable Discussion in the Council
Over the Matter Last Night—Mayor
Richardson Opposed to the Extension
—The Vote on the Question Stood
Four to One.

The common council last evening at an adjourned meeting, by a vote of four to one, decided to extend the city water service to the vicinity of the Choate-Hollister factory.

Although there are some who are not in favor of this measure, the great majority of the heavy tax payers are in favor of giving the manufacturing interests of the city the needed fire protection.

The matter created considerable discussion, and several of the aldermen were heard on the question.

Mayor Richardson stated that this was an adjourned meeting of the council, and any business might be brought before it.

John Koustou was given permission to erect a frame building on Wall street in the rear of the blacksmith shop belonging to Doran B. Burdick.

Ald. Gilkey thought the heating apparatus in the city building should be accepted. Ald. Kothman said he would not ask that it be accepted unless all the members of the fire and water committee had looked it over.

Ald. Kothman of the fire and water committee, reported favorably, and moved the adoption of the order presented to the council Monday night, directing the city clerk to notify the water company to extend its pipe system to the vicinity of the Choate-Hollister factory. Ald. Valentine seconded the motion.

Mayor Richardson said that before a vote was taken, he wanted to make a few remarks. He said in part:

The Mayor's Address.
"In a city the size of Janesville, the question of fire protection for its business and residence interests is of first importance, but in distributing such protection, as in distributing the other city benefits, we should always be governed by the rule of the greatest good to the greatest number."

"There is no question as to the right of the Choate-Hollister company to reasonably expect adequate fire protection. The only question is as to what proportion of the city's income should be expended to protect an isolated locality. There are but two ways of providing the fire protection under consideration. One is to lay a water main from some point on Jackson street, north of the river, to the southerly end of McKee boulevard, and the other is to provide a well to be used in connection with the fire steamer."

"Under the city's contract with the water company a main of sufficient length, to furnish the desired protection, would necessitate fire hydrants, the annual rental of which would amount to at least \$375, and in this connection it should be remembered that this rental must be paid for an indefinite number of years. Furthermore it is the opinion of those best competent to judge that a six-inch main would not be large enough; that a ten or twelve-inch main would be necessary from Galena street south to Eastern avenue. Then an eight inch main for a distance, and finally a six-inch main for the southerly end of the line. The water company already has a six-inch main on Jackson street as far south as Western avenue."

"The question has been raised, and might have been settled in the courts, that the city has no right to compel the water company to put in another main on this street. If this question should give rise to litigation the matter might drag through the courts for several years and be an additional expense to

the city. Still, if these mains are necessary to the proper protection of city property, I would favor fighting the water company on this or any other point to the court of last resort."

"I refer to this question only for the purpose of calling your attention to a contingency that may arise. The annual hydrant rental above referred to represents the interest on \$7,500. That is, the putting in of the water mains asked for necessitates the incurrence on the part of the city of an indebtedness of \$7,500, on which it must pay interest for many years to come."

"If the city's income derived from taxation is to be expended in various localities in proportion, or nearly in proportion, to the taxes paid, and the assessed valuations of those localities, then the locality now under consideration would not be entitled to any thing like the expenditure contemplated."

"Every citizen is desirous of seeing the city grow and develop. And we all feel that nothing so helps that growth as the building up here of stable manufacturing plants. The feeling is general that every thing reasonable should be done to encourage such enterprises and give to them all, or even more, than their natural rights, but in doing this we should not work an injustice to other and older rights that have been vested here for years."

Would Increase Valuation
Alderman Valentine thought that in any place where there was increased property valuation there should be increased fire protection. The increased valuation of Spring Brook property would in great part reimburse the city for the additional hydrant rent. This was the only part of the city in which we can hope to build up factories. He had asked some of the parties interested in the new railroad line some of the reasons for locating the new line as they did.

He was told that after looking over the various ways of getting the road into the city, they had concluded that at some time that would be the manufacturing portion of the city, which was an inducement to them to locate the line as they did. He believed that at present it might be a hardship to the water company, but eventually it would be a good investment. The fire well would cause an annual outlay, and if the engine was housed down there a man would have to be hired to take care of it and possibly another fire station would have to be built.

Mayor Richardson said he was not trying to protect the water company, and did not consider the hardship to them if it was for the city's best interest to have the main laid.

Ald. Gilkey called for the question. Ald. Hemming said he had talked with a good many people and they all objected to the increased outlay and wanted the fire well completed and tried before the city went to the additional expense entailed by having a main laid.

Mayor Richardson thought that with the wells in that vicinity if they were all right and with the river near by the engine could give all the fire protection necessary. If one hundred dollars would complete the well he was in favor of spending that sum if it would save several hundred yearly.

Ald. Kothman asked how soon the water company would put in the extension. C. S. Jackman, treasurer of the water company was present and said he could not say.

The question was again called for and the vote of the council was five to one in favor of the order.

The council then adjourned until Monday evening at 7:30 o'clock.

NO M'KINLEY BUTTONS

Lack of Them in a Janesville Store Due to the Great Demand—No Bryan Folks Here.

In Janesville yesterday a travelling salesman walked into newspaper store. He noticed a large number of Bryan buttons for sale, but no McKinley buttons. He asked the storekeeper if he did not keep McKinley buttons for sale, and was told:

"No, I don't keep 'em. I stocked up at first with the same number of both, and have replenished my stock of McKinley buttons four times now, while all these Bryan buttons you see here are the first lot I bought. There are no Bryan folks around Janesville."—Chicago Inter Ocean.

STUDENTS ESCORT D. B. HENDERSON

ENTHUSIASTIC REPUBLICAN
RALLY AT MADISON.

Annual Cane Rush and Ducking Contest Between University, Sophomore and Freshmen Classes Took Place Last Night—About Thirty of the Boys Ducked in the Lake.

Madison, Oct. 4.—[Special]—Nearly one thousand students of the University marched as an escort to the Hon. David B. Henderson last night when the famous soldier statesman appeared here. The enthusiasm displayed exceeded that of a celebration of a great football victory.

Col. E. B. Gray introduced the speaker amid a perfect storm of applause. Gen. Henderson opened his speech with a few graceful remarks in which he spoke in complimentary terms of the great Wisconsin republican statesmen, Senator John C. Spooner and prospective Governor Robert M. La Follette. The speaker predicted that "Little Bob" would carry the state of Wisconsin by one hundred thousand majority.

The Annual Cane Rush.
The annual ducking contest and cane rush between the sophomore and freshman classes took place yesterday afternoon on the campus west of the gymnasium. Acting-President Birge addressed the freshmen in the gymnasium, requesting that they take part in the "rush," and let the custom die out.

The soph's were peaceably inclined, most of their number having signed a pledge last spring to refrain from any hazing or rushing in the future. However, when a body of about two score freshmen gathered upon the campus and raised the cry, "Blood and gore! blood and gore! Varsity! Varsity! Nineteen-four!" the soph's could stand it no longer, and a mild riot was immediately precipitated.

Two wrestling matches, in which the glory was all on the freshman side, served as preliminary to the real performance of dragging each over to the lake shore where the ducking took place. Three or four of one party of the belligerents would seize one of the opposing faction and drag him bodily into the water.

His classmate would immediately rush to his assistance and the outcome would be six or eight students struggling waist deep in the cool waters of Lake Mendota.

Instead of cooling their enthusiasm the bath seemed to fill each with a burning thirst for revenge. While the hostilities lasted about thirty students were thoroughly wet. The rush was fierce but with all the best of good nature prevailed. Little unnecessary roughness was indulged in and no serious injuries resulted.

ROSEVELT'S NAME TOO LONG.

Ballot to be Widened in Order to Make Room for It.

Albany, N. Y. Oct. 4.—The official New York state ballot this fall must be enlarged three fourths of an inch in order to provide room to print the name of Theodore Roosevelt as the vice-presidential candidate. The names of the candidates for president and vice president are printed at the head of the party columns, directly under the emblem. These names must be in a size of type specified by law, which is great primer Roman, condensed capitals. No trouble is found in getting the names of other candidates within the space usually allowed for each party column, but Gov. Roosevelt's name runs one letter over the allotted space, so that the width of each party column will have to be enlarged an eighth of an inch.

REPUBLICAN RALLY AND MASS MEETING

Hon. William G. Wheeler and M. G. Jeffris To Speak at Armory
Hall Tomorrow Night

There will be held this evening at 8 o'clock at the new Armory hall, corner of West Milwaukee and River streets, the Young Men's Republican club will open the political campaign in this city by holding a mass meeting to which all republicans are invited.

M. G. Jeffris and Hon. William G. Wheeler will speak, and campaign music will be furnished by E. O. Kimberly, the soldiers' singer, the Y. M. C. A. band and the G. A. R. drum corps.

At this meeting the issues of the campaign will be clearly presented, and an opportunity given to all persons interested, to become members of the Young Men's republican club.

Full information as to the railway fare, etc., will be furnished to all desiring to attend the Roosevelt meeting at Belvidere on Saturday.

Let all who are interested in the reelection of Wm. McKinley and the advancement of republican principles be present.

By order of the executive committee.

Boers Twice Victorious.

London, Oct. 4.—The following dispatch has been received from Lord Roberts:

"Pretoria, Oct. 2.—A convoy of twenty-two wagons, escorted by sixty mounted men, was attacked by 140 Boers Oct. 1, near De Jager's drift, while on the way to Vryheid. Twelve of the men escaped. The fate of the others is not known. The Boers derailed an armored train near Pan yesterday evening. Five Coldstream guards were killed and nineteen injured. Commandant Dirksen, who has been opposing Paget, has surrendered after a personal visit to Komatipoort to assure himself that Kruger had gone into Portuguese territory."

NO NEW CONCESSIONS MADE.

Independent Operators Refuse to Make Them.

RAILROADS HOLD THE KEY.

President Mitchell Says Only 5,000 Out of 142,000 Men Are at Work in the Anthracite Mines—Troops May Be Called Out.

Hazleton, Pa., Oct. 4.—The day brought no developments in the situation here. The strikers ignored the notices of an advance in wages and the reduction in the price of powder offered by the railways, while the latter made no new concessions. Apparently both sides are waiting for the individual operators to make some move. These men employ only 25 per cent of the miners, but while President Mitchell holds to his present stand they effectually prevent a settlement.

So far not one individual operator has weakened and offered to treat with his men. They declare they cannot give the 10 per cent advance until the railways grant them a reduction in tonnage, even if the strike continues six months.

One of the mining superintendents, speaking today for the individual operators controlling several collieries in this district, said he did not think that any notices of an increase would be posted at his mines, no matter what the big companies do, unless the railroads made some concessions as to tonnage.

The action of the miners around Shenandoah in naming delegates to a congress to settle the strike was a surprise to the leaders here. President Mitchell was told of the move. "Such action was entirely unauthorized," he said, "and premature. The miners had no such directions from headquarters, for I have made no move to call such a convention."

"The men were too fresh," was Organizer James' comment. "The miners of the Hazleton district have taken no such action and will do nothing till Mitchell issues a call."

All the strike leaders expressed themselves as highly pleased with the Wilkesbarre meeting. Their estimates of the number of men in the parade run as high as 32,000.

The strikers marched on Lattimer again early in the morning. There were 100 men in the band, but they were turned back from the colliery without a fight. A few men still are at work here.

Another force marched on Crystal Ridge at daylight, but halted when it encountered the deputy sheriff on guard.

Strike Leaders Meet in Secret. A secret conference was held at night by the officials of the United Mine Workers, which lasted for an hour and a half. At its conclusion President Mitchell said the meeting was held for the purpose of canvassing the entire situation. It was found, he said, that only about 5,000 mine workers out of 142,000 were still at work.

It was the opinion of the officials in the conference, he said, that all of these will also have quit in a short time. Mr. Mitchell also said that of the 5,000 non-strikers 2,100 are in this (Hazleton) region and the remainder at work in the Schuylkill district.

Millita Prepared for Trouble. Shenandoah, Pa., Oct. 4.—General Gobin has been informed that a big meeting of mine workers will be held at Lansford tonight. A large number of Hazleton strikers are expected to attend. General Gobin says he will be ready if troops are needed.

THE COAL FIGHT STUBBORN.

Hazleton Miners Still Ignore Advance in Wages.

Hazleton, Pa., Oct. 4.—There is no material change in the strike situation hereabouts. The collieries which have been working since the inauguration of the strike are still in operation. The mine-workers have completely ignored the notices of the Lehigh Valley and the Lehigh and Wilkesbarre Coal companies to the effect that an increase of 10 per cent had been granted in wages and that the price of powder would be reduced, and so far as can be learned about the same number of men are idle today as yesterday.

An attempt was made at 2 o'clock to blow up with dynamite the house occupied by Michael Zulick, a mine worker, in the eastern part of the city, but no extensive damage was caused. Zulick has been working since the strike went into effect. No other case of violence has been reported.

President Mitchell of the United Mine Workers of America, accompanied by nearly all the other officials of the organization, who were here yesterday at the miners' demonstration in Wilkesbarre arrived at headquarters here tonight. They will remain until the strike is ended. All are confident of victory.

All the news from the Schuylkill district of the anthracite coal regions indicates that both sides have settled down to a long struggle. The lines are sharply drawn, and the miners have absolutely refused to be drawn into a settlement of the trouble by the offer of 10 per cent increase in wages.

"Recognition of the Mine Workers' union" is their watchword at all the meetings. The upper districts having been securely tied up by the strikers since the beginning of the strike, the battle has been waged in Schuylkill territory with the result that the collieries have capitulated one after another until there are only two small

districts in which mines are working, and it looks as if all would surrender to the strikers within the next few days.

The western end of Schuylkill county was supposed to be invincible against the assault of the strike leaders. To the surprise of the operators 400 miners quit yesterday in Brookside colliery, seriously crippling that large and important working of the Reading company. The strike leaders expect to tie-up that colliery, together with Good Spring and Lincoln collieries, near by, in a few days. The action of the men astonished the company officials. About 1,650 men and boys are employed at Brookside, 500 at Good Spring and 800 at Lincoln. It now appears probable that few will report for work tomorrow. Everything points to the complete shutting down of every mine in Western Schuylkill and Dauphin.

The Reading company now has only five collieries in operation, thirty-four being closed. The offer made by the company of an advance of 10 per cent in wages has not induced one of its 27,000 idle employees to return to work. The operators had expected a staid parade among the men to get back to work. The situation in the Panther Creek valley is being watched with great interest, the strikers asserting that if their fellow-workmen in that district would obey President Mitchell's call the strike would end inside of a week. While they continue to work, however, and supply coal to the market, no matter how small an amount, it will give the operators an opportunity to refuse to grant the demand of the men.

Gen. Gobin has been informed that a big meeting of mine workers is scheduled for tomorrow night at Lansford, Pa., in the Panther Creek valley, to which locality the strike has not yet penetrated. It is understood that a large number of strikers from the vicinity of Hazleton will attend the meeting. At present there are no indications of trouble, but Gen. Gobin said today that if troops are needed they will be in readiness.

Strike Ranks Grow. Philadelphia, Oct. 4.—General Superintendent Luther of the mining property reported to President Harris of the Philadelphia and Reading Coal and Iron company today that only four of the company's thirty-nine collieries are working today.

This is one less than was reported in operation yesterday, the property to shut down being the Good Spring colliery in the lower Schuylkill region. Superintendent Luther also reports that only one of the two breakers is in operation at the Brookside colliery, near Pine Grove.

The only Reading company collieries at work today are North Franklin, Lincoln, Glendower and a part of Brookside.

Derailed to Avoid a Wreck. Elgin, Ill., Oct. 4.—The operator at the Fox River switch, just below Elgin, gave the signal for a North-western passenger train to cross the St. Paul track just before he heard the whistle of the through passenger on the St. Paul road. The latter was behind time, running rapidly on wet rails and down grade. Suspecting that it would be impossible to stop the train, the operator, to prevent the St. Paul from dashing into the Northwestern, which would have resulted in great loss of life, deliberately derailed the St. Paul train. The engine and several cars bumped over the ties, and the locomotive stopped within a few feet of the other train, but nobody was hurt. One truck was blocked for several hours.

Democratic in Convention. Indianapolis, Ind., Oct. 4.—The quadrennial convention of the National Association of Democratic Clubs began here. About 5,000 delegates were in attendance. Organization was effected by electing Thomas Taggart temporary chairman; F. H. Imeson, New York, secretary; W. Jefferson Pollard, St. Louis, reading clerk, and Myron D. King, Indianapolis, sergeant-at-arms. Adlai E. Stevenson was escorted into the hall by a band. Mayor Samuel M. Jones of Toledo and others spoke.

Murderer Gets 198 Years. Columbus, O., Oct. 4.—Henry Leftridge was received at the penitentiary to serve the longest sentence known in the judicial history of this state—198 years—for murder. So far as is known he is the only man ever tried on separate indictments, convicted and sentenced practically at the same time on two charges of murder. He was sentenced to serve a double life sentence, which, according to prison computation, is 198 years.

Roosevelt at Deadwood, S. D. Deadwood, S. D., Oct. 4.—At 6:30 p. m. the Roosevelt special train crossed the state line between Nebraska and South Dakota, and before dark Capt. Seth Bullock, sheriff of Deadwood and successor in the Black Hills to Sitting Bull, had the rough rider by the hand and was introducing him to 500 cowboys, cattlemen and citizens of Deadwood.

Bryan Talks in Rain. Waukesha, Wis., Oct. 4.—Rains marred two of the six Bryan meetings in this state. For the first time since leaving Lincoln the weather has been against the presidential candidate.

Fifty Students Get Ducking. Madison, Wis., Oct. 4.—The freshmen and sophomore classes of the university clashed here and about fifty students were ducked in Lake Mendota.

PASTORS IN SESSION.

Sixty-First Annual Rock River Conference Is Opened.

Chicago, Oct. 4.—With an impressive sacramental service the 200-odd Methodist ministers of Chicago and northern Illinois, who preach within the bounds of the Rock River conference, opened the sixty-first annual session of that body in the Garfield Park church, Kedzie avenue and Walnut street. After the love feast at 10 o'clock, Bishop W. X. Ninde called the opening business session to order and Secretary J. W. Richards of Berwyn called the roll. The first business was the reelection of Secretary Richards, and he named three assistants. Dr. F. F. Farmiloe of Elgin, for years the statistical secretary, was renominated, but asked to be relieved, and nominated T. K. Gale. A rising vote of thanks was given to Dr. Farmiloe, and Rev. Mr. Gale was elected.

Treasurer Horn was chosen to fill that office again. Amusement was caused at the start by Dr. W. B. Leech of Wicker Park charge, who objected to the usual resolutions "hailing with delight" the presence of the presiding bishop. Nevertheless what he called a foolish custom was adhered to, a rising vote resulting in the adoption of the laudatory documents introduced by J. P. Brushingham and John O. Foster, the well-known superannuate without whose presence no Rock River conference would be complete.

The afternoon was busy for the conference members. At 2 o'clock a meeting was held in the interests of the great twentieth century thank offering. Rev. William Macafee, D. D., of the First Church in Evanston, was the presiding officer, and addresses were delivered by Rev. E. M. Mills, Rev. W. F. McDowell and Dr. A. W. Patten. At 3:30 Bishop J. M. Thornburn delivered the first lecture of his series under the auspices of the conference board of examination. Rev. P. H. Swift, D. D., of Englewood presided.

In the evening the Church Extension Society anniversary was held. This was the first of the meetings devoted to arousing interest in the work of the general conference societies. Dr. A. C. Hirst presided and the addresses of the evening were made by Presiding Elder H. G. Jackson and Rev. W. A. Spencer, D. D., secretary of the Church Extension Society.

Killed in an Iowa Storm. Fort Dodge, Iowa, Oct. 4.—During the electrical storm here at 6 o'clock p. m. C. H. Wilson, a traveling man in the employ of the C. D. Clagg Wool and Hide company, was struck by lightning and instantly killed. The bolt was the only severe one during the storm.

MR. BRYAN'S WARNING

"If there is anyone who believes that the gold standard is a good thing, or that it must be maintained, I warn him not to cast his vote for me because I promise him it will not be maintained in this country longer than I am able to get rid of it."—Hon. William Jennings Bryan, Knoxville, Tenn., Sept. 16, 1896.

POLITICS AND PROSPERITY

It has frequently been said, during the campaign, that there is a lack of interest and enthusiasm, which may result in disaster on election day. Marching clubs with music and banners, are the exception and not the rule. The clamor for political speakers is less pronounced than in former presidential campaigns and party leaders seem at a loss to account for the apparent indifference. It is claimed by some that the republicans are too sanguine and that over confidence is dangerous.

This is doubtless true under ordinary conditions, but the conditions of the present campaign are not ordinary.

Never in the history of the country, has prosperity been so universal, north, south, east and west, the farmer and the artisan, rejoice alike in good times. This prosperity is not the result of booms or inflation, but it is the healthy result of restored and established confidence, based on a money standard that is unimpeachable, and fostered by a protective tariff that in four short years has redeemed the nation, and given to every citizen the opportunity to work for remunerative wages. The man who is idle today, is idle because he wills to be, and not because of lack of work.

When these conditions exist the average man has but little time for politics. The song of the factory whistle and the busy hum of machinery is better music than the band that leads the marching club, or the silver tongued orator who attempts to tell him how he should vote.

The average man, be he mechanic, farmer or merchant, is not a politician. When times are prosperous, he has neither the time or inclination to expend much enthusiasm in a campaign.

But don't think for a moment that the average man is destitute of reason or of memory. He canvasses the experience of the last democratic administration with its hard times and uncertain policy, and compares it with the prosperity of the McKinley administration, and he is simply waiting for an opportunity to

record his verdict on the sixth day of November.

There may be a lack of brass bands and red fire because people are too busy for very much campaign hilarity, but there will be no lack of votes in the republican column, on election day.

The common council will be endorsed by all good citizens in their movement to furnish fire protection to the Choate Hollister people. With increased railroad facilities, made possible by the Milwaukee and South-eastern road, there is every reason why "Spring Brook" should develop into a thriving manufacturing district. The cemetery ghost and various other "John W. Way" phantoms have disappeared and the natural factory location may yet assume proportions of greater importance than its enthusiastic founder ever imagined.

The street work that is now being done in the city is creditable, and, if continued for a few years, the results will be very gratifying. With fifteen or twenty miles of good streets life in the Bower City will be a continual round of pleasure.

Senator Beveridge says very truthfully that a good trust, whether of capital or labor, should be encouraged, and a bad trust should be abolished. To which class does the labor trust, just now so prominent in Pennsylvania belong?

Mr Bryan may be a demagogue and insane on free silver, but his political enemies have never accused him of dishonesty. The story of his selling out to Colorado silver men for \$150,000 will be pronounced a fake.

Aguinaldo will be glad to know that he has friends at Lincoln, Nebraska, who are not afraid to shout for him in the presence of Governor Roosevelt.

Gen. Jacob Coxey, of Coxey's army, is so busy with his new steel plant in Ohio this fall, that he says he has no time for politics. "There are others."

MR. BRYAN'S TOUR IN BADGER STATE

Says He is "Willing To Leave My Happy Home for You"—Speaks at Portage and Waukesha.

Waukesha, Wis., Oct. 4.—W. J. Bryan had a comparatively easy day yesterday. He traveled by easy stages from Portage City to this place, speaking only at Portage, Watertown, Oconomowoc and Waukesha. Rain fell during the greater part of the day. Mr. Bryan said last night that he would give the 8th and 9th of this month to Illinois, the 10th and 11th to Michigan and the 12th, 13th and 15th to Ohio. He will go direct from Cleveland to New York, reaching that city at 3 o'clock in the afternoon before he is to speak in the Madison Garden.

Mr. Bryan's Wisconsin escort includes L. G. Bonrich, nominee for governor; L. C. Wall, former national committeeman for the state; Timothy E. Ryan, present committeeman; A. F. Warden, chairman of the state committee; Mayor Rose and Melville A. Hoyt, of Milwaukee, and Rev. Father Miller, of Washington.

In introducing Mr. Bryan at Portage Mayor Jones predicted that five months from yesterday he would move from the plains of Nebraska to the executive mansion at Washington. "Whether that happy prophecy shall be fulfilled will depend somewhat upon your votes," retorted Mr. Bryan, "but I want you to know that in the language of the song, I am willing to leave my happy home for you." This sally was received with laughter. Then he took up the question of taxation.

Roosevelt Republican Rally at Belvidere, Ill., Saturday Oct. 6.

Special train will leave Janesville via C. & N. W. R'y. at 1:15 p. m. Returning leave Belvidere at 10 p. m. This in addition to the regular service. Full particulars at passenger depot.

Under the present administration the United States is sending coal to Newcastle, cottons to Manchester, iron to Russia and machinery to all the world. The Democrats promise to stop this business when they get into power.

Must Be Thrashed Into Decency.

Maryland is a close state, and it is especially significant therefore that its gold Democrats and independents are swinging once more into line for President McKinley as they did in 1896. Mr. Charles J. Bonaparte of Baltimore, one of their leaders, declares that he will vote for McKinley and Roosevelt because Bryan's candidacy is "a menace to American institutions and American credit." Of the Democratic party he says, "It must be thrashed into decency and common sense if it is to be once more a party worthy of power, and the more thorough and unmistakable the thrashing the better for it and the better for the country." Such talk as this from one of the Maryland independents forecasts another victory like that which broke Boss Gorman's grip four years ago.—Boston Journal.

The efforts to introduce foreign issues into the campaign have come exclusively from the Democrats. The Republican platform appeals directly to the American voter and his welfare and doesn't evade a single issue.

Reasons Good and Sufficient.

There are over 30,000 bank depositors in Colorado now, an increase of nearly 100 per cent in four years. Perhaps this is one of the many valid reasons why McKinley will carry Colorado this time.

German shipowners, a cablegram recently stated, are hoping for the success of the Democratic ticket in the coming election, so as to prevent the passage of the ship subsidy bill, to which German shipowners and the Democratic party are both bitterly opposed.

Suizer and That Boer Fund.

The country is still waiting to get a final report from Mr. Suizer as to the distribution among the widows and orphans of fallen Boers of that \$18 and some odd cents left over from the \$1,800 collected at the Washington pro-Boer meeting. The reason for the delay must be that Mr. Suizer knows that the Democratic politicians on his committee could not be got together for final action on the surplus, without consuming more than the amount of the surplus in champagne and cigars. The facility with which nearly \$1,800 could be dined and wine away by his committee was so well demonstrated, that it would be unnecessary to further experiment on a meager \$18 remnant.

Members of the Firm, of McAlpin & Company of Milwaukee Are In Janesville Looking For a Location—They Are Much Pleased With the Advantages Here.

The prospects are that a large engraving and lithographing company will locate in this city in the near future.

A member of the McAlpin Engraving company of Milwaukee, was in the city some days ago, and in conversation with some of the business men, said the company contemplated moving away from Milwaukee and locating in a smaller place, that was surrounded with a good territory for their business.

He liked Janesville, and thought that the manufacturing interests of this city and the surrounding cities would furnish a good field for their business. When asked if the city would make them an offer of their power, light and heat for a year as an inducement to locate here, they would accept it, he said he thought they might. He said they already had an offer to locate in Oshkosh, and was considering it; the large manufacturing interests of that and the surrounding cities would furnish a good field for their business. He preferred coming to Janesville, but before making any definite proposition, he would investigate the manufacturing interests of Beloit and the nearby towns and see what the prospects were.

One of the main reasons they had for leaving Milwaukee was the number of companies already located there cut up the trade and made close competition; expenses are also very high in Milwaukee, and by locating in some smaller place they would reduce the running expenses of the firm and make a closer figure on all work and be able to successfully compete with any of the largest engraving and lithographing companies.

The McAlpin Lithographing and Engraving company is a large concern and if it can be induced to locate in this city it would give employment to a large number of people.

The city could well afford to furnish them what they ask for a year to get them to locate in Janesville.

A number of business men has been spoken to about the matter, and they seem to think it would be a good investment to get an institution of this kind to locate here. There is no concern of this kind of any importance closer than Milwaukee or Chicago, and the manufacturing interests of this and surrounding towns are sufficiently large to furnish work to keep a large force employed.

TRIP TO BELVIDERE NEXT SATURDAY

A large number of people from this city are making arrangements to go to Belvidere Saturday and hear Roosevelt. Arrangements have been made for a special train, which will leave the C. & N. W. station at 1:15 and will arrive in Belvidere in time for the speaking. It will leave Belvidere on the return trip at 10 p. m. The fare for the round trip is one dollar.

Death of a Pioneer.

Robert Heath of the town of Spring Valley, died at his home Monday, Oct. 1, at the advanced age of seventy-four years, 1 month, five days. He came to Wisconsin forty-two years ago and settled on the farm that has since been his home. The funeral was held yesterday from the home.

Church Aboard a Boat.

A novelty in church services has been supplied by the German Lutheran Zion Congregation of the Flatbush section of Brooklyn. One of their number, who owns a steamboat, gave it use to the pastor, the Rev. Paul F. Jubelt. He organized an excursion on it sixty miles up the Hudson, which would combine the regular church service on board with ordinary routine of a day's outing on the water. The church choir was aboard and led in the singing.

J. P. Baker has a very handsome photograph of the Rockford Country club's house. It was taken at the time the team from the Sinissippi Golf club played the return match in that city. Colin C. McLain is shown in the foreground making a drive, and the members of both teams and the visitors are grouped around on the porch.

LUNCHEON FOR PROSPECTIVE BRIDE

Miss Josephine Sater Entertained This Afternoon at a Charming Function.

This afternoon at the spacious Pleasant street home of her parents, Miss Josephine Sater gave a charming luncheon in honor of Miss Edna Johnson and Miss Emma Rowe, whose marriage to Frank Hancock and Len. M. Johnson takes place next week. The rooms were prettily decorated, presenting a most inviting appearance. Cut flowers added beauty to the scene. At small tables luncheon was served by an able corps of waitresses. The playing of cards followed. Those who enjoyed Miss Sater's hospitality were:

Mrs. Frank Reynolds.
Misses—
Josephine Farnsworth, Edna Johnson, Katharine Fifield, Alma Golling, Ada Sater, Emma Rowe, Helen Fifield, Helen Kelly, Anna Shearer.

WILL ORGANIZE A YOUNG MEN'S CLUB

A Young Men's club on the order of the Twilight club, is an organization which is now talked of by the Congregational church young men between the ages of seventeen and twenty-five. Meetings will be held once a month in the church parlors. Supper will be served by the Social club of the church, and will be so arranged that the young men can wait upon themselves. Questions of the day, ethical subjects and other topics of interest will be handled. This was the plan outlined by Supt. D. D. Maine last evening at a largely attended meeting.

BURGLARS ENTER A PRIVATE HOUSE

About 1:30 o'clock last night burglars entered the dining room of G. F. Shattuck who occupies the upper part of the building next to the Northwestern restaurant on West Milwaukee street of which he is proprietor. The thieves were evidently scared away before getting into the front part of the house as they did not get any money and succeeded in getting away with a coat, two vests and two pair of pants.

PROGRAM FOR THE ROLSTON CONCERT

The concert to be given by Miss Rolston, assisted by Mrs. J. B. Day and the orchestra from the School for the Blind, at the Court Street church tomorrow, will be one of the events of the season. The large sale of tickets has already assumed a splendid audience. All of Miss Rolston's friends are anxious to hear her sing and they know they will not be disappointed, as all of those who take part in the concert are first class.

PAPER FOR TRAMPS.

The Tourists' Union Journal's First Number Issued in Sycamore, Ills.

The first number of The Tourists' Union Journal was issued at Sycamore, Ills., the other day from the Sycamore Democrat office. This is the first paper of the kind that has ever been published in the United States and is to be devoted wholly to the interests of tramps. The paper, according to the New York Sun, will be edited by Charles F. Noe, organizer and "head pipe" of Tourists' union No. 63.

The paper is made up largely of letters from various members. The Journal will be published monthly. The political complexion of the paper has not been decided upon.

Queen's Scarf Won by an American. General Roberts has confirmed the award of the queen's scarf to Trooper Chadwick of Roberts' horse, who was chosen by the troopers as most distinguished for bravery. Chadwick proves to be an American, says the Pretoria correspondent of the New York Sun. He was one of the best of the crew who cut the cable at Santiago (Cienfuegos). The queen gave four scarfs to be awarded for bravery, one each for representatives of the colonial troopers from Australia, New Zealand, Canada and South Africa. Africa's scarf will therefore go to the United States.

A Word to the Wise.

The countless man and the hatless woman are partners in trouble, says the New York Press. The restaurant that welcomes the former in a neat shirt waist and the church that cordially invites the latter to its services will catch the most fish.

HOUSTON'S FEARFUL NIGHT

Thrilling Experience of a Party in the Great Texas Storm.

The fury of the great gulf storm in Houston is well described by F. T. Woodward of Dallas, who waited 12 hours in the Grand Central station at Houston for a train which should have started at 8 p. m. on Saturday, Aug. 8. Says Mr. Woodward:

"About 8 p. m. the wind, which for several hours had been blowing a steady gale, increased in violence, and signboards and awnings were torn from their hangings and whirled through the air. With about 150 others, I was in the Grand Central station, which, standing alone, was exposed to the full force of the hurricane. The first strong gust was followed by a sound of shattering glass. Several windows of the general offices overhead had given way under the almost irresistible pressure of the storm.

"This was the beginning of a night of terror. For seven hours the storm raged with unabated fury, and the roar of the wind was accompanied by the sound of crashing glass as one after another of the many windows were torn from their fastenings and shattered. The crash of glass was soon followed by a sound of ripping and tearing, which was clearly and distinctly heard above the almost deafening roar of the storm. Section after section of the tin roof was rolled up like a sheet of parchment and carried hundreds of feet.

"To add to the terror and confusion the electric lights suddenly went out, and the building was left in total darkness, as was most of the city. Some of us moved toward the main entrance of the station, intending to seek other quarters, but we were checked at the door by the blinding sheet of water which was being driven by the wind with mighty force and which lay between us and any place of refuge. We hesitated between a choice of being drenched by water or struck by a flying section of roof.

"The choice was soon settled. As we looked the roof of the Grand Central hotel was torn off, many of its inmates rushing into the street. Almost simultaneously a yell went up from the people in the Lawlor hotel as the big skylight on top was torn loose and fell crashing down the shaft. Soon above the roar of the wind and the crashing of glass a new sound was heard. It was that of falling brick. Every one realized the gravity of the situation, but no one made a sound. There was no shrieking, no fainting.

"Many women were there, and every one stood the ordeal with such fortitude as to lend courage to even the faintest hearted man. Suddenly the sound ceased, and it was soon learned that the lower story of the station, where all had taken refuge again, remained intact. Then all felt sure the building could withstand the storm. And it did. But an inspection in the morning showed it was badly shaken and greatly damaged."

All the paid agents and attorneys of the foreign shipping interests are supporting Mr. Bryan. Fortunately the election is to be decided by voters who have the American interests at heart.

For American Labor.

The only interests that will be benefited if the American shipping bill is passed next winter will be American-American labor in the mines, factories, shipyards and on board the ships. The Republicans, naturally, desire to pass the bill. The Democrats, just as naturally, oppose it, and suggest no other remedy than the importation of foreign built ships that will benefit American labor not one particle.

TO OVERTHROW THE LIQUOR TRAFFIC

Resolutions Adopted by the Rock County W. C. T. U. at Their Annual Convention Yesterday.

The Rock County W. C. T. U. closed their convention late yesterday afternoon by the adoption of the following resolutions:

Resolved, That we endorse all efforts put forth for the overthrow of the liquor traffic and for the promotion of purity, peace, justice and sobriety in our land and throughout the world.

Resolved, That what we most need is men and women that have the courage of their convictions and their conscience and will stand for principle no matter what influence may be brought to bear against them.

Resolved, That we strongly protest against the sale of intoxicating liquors upon fair grounds and the admission of gambling schemes of any kind into public places of public resort.

Resolved, That we heartily endorse non-alcoholic medication; also that we discontinue the use of home made wines or any spirituous liquor in the making of sauce and in any other branch of cooking; that we consider this practice especially dangerous to children, as being injurious and tending to cultivate an appetite for liquor.

Resolved, That we extend to Miss Crawford of Janesville, our hearty appreciation for her services as organizer during the convention.

Resolved, That we express to the W. C. T. U. of this city our appreciation of the complete arrangements made by them for the success of the convention; to the trustees of the First M. E. church for the use of their edifice; and to all who in any way have helped make this a successful convention, we tender our heartfelt thanks.

Resolved,

UNCLE SAM TO THE VOTERS. "TAKE YOUR CHOICE."

LEADING QUESTIONS.

WITH ANSWERS WHICH HIT NEARLY EVERYBODY.

How People of All Occupations Are Personally Concerned in the Outcome of This Year's Presidential Campaign.

Are You a Farmer?
Under the Wilson-Gorman law which Bryan helped to frame and pass the loss in value of farm products was \$4,283,000,000. Under the Dingley law the increase in value of farm products has been \$6,358,000,000.

Are You a Miner?
The value of our mineral products in 1890 was \$200,000,000 more than in 1894, when Bryan was making the Wilson-Gorman law.

Are You a Railroad Employee?
The railroads of the country last year paid you \$77,000,000 more in wages than in 1895, when the Wilson-Gorman law, which Bryan helped to make, was in force.

Are You a Railroad Stockholder?
The net earnings of the railroads of the country were \$130,000,000 more in 1899 than in 1895 under McKinley and protection than they were in 1895 under the law that Bryan helped to make.

Are You an Iron Worker?
You made 6,657,000 tons of pig iron in 1894, while in 1899 you made 13,620,000 tons. You made 1,000,000 tons of steel in 1894. In 1899 you made 2,272,000 tons.

Are You an Iron Manufacturer?
You consumed 25,000,000 tons of iron ore last year against 12,000,000 tons in 1894, and you exported \$125,000,000 worth of manufactures last year against \$20,000,000 worth in 1894.

Are You a Sheep Raiser?
Your 36,000,000 sheep were worth \$65,000,000 under Bryan's free wool law. Today your 68,000,000 sheep are worth \$246,000,000.

Are You a Wool Grower?
We imported 260,000,000 pounds of wool a year under the free trade that Bryan believes in. Last year we imported only 75,000,000 pounds. Your wool of whatever grade and quantity sells for double today what it did.

Are You a Telegraph Operator?
In 1890 there were 2,000,000 more messages sent than in 1894.

Are You a Postoffice Employee?
The postal receipts fell off in 1894, while during the last four years they have increased by over \$20,000,000.

Are You a Banker or a Bank Clerk?
The bank clearings were only \$45,000,000,000 in 1894. Now they are over \$100,000,000,000. The increase in savings banks deposits has been over \$500,000,000 since 1894.

Are You a Manufacturer?
You exported in 1893 only \$153,000,000 worth of manufactured goods. Under the Dingley law you exported during the year ending June 30, 1900, \$432,000,000 worth.

Do You Make Tin Plates?
In 1890 you were looking for a job. The McKinley law made a new industry for you. In 1891 you made 1,000 tons. In 1895 you made 400,000 tons and earned over \$20,000,000 which we used to send to Great Britain.

Are You a Shipbuilder?
In 1895 you made 111,000 tons. Last year you made 350,000 tons, and only 9 per cent of foreign trade is carried in American vessels. Think of what your tonnage will be when we shall have passed laws for the restoration of the American merchant marine, as we shall do if McKinley is re-elected with a Republican congress.

Are You a Barber?
These full beards of hard times have been cut off, and the happy, prosperous man wants a shave two, three and four times a week now, and not so many men are shaving themselves.

Are You a Shoemaker?
Those barefooted children of 1894-5 are wearing shoes now, and the parents seem to be having more and better ones now that they have plenty of money.

Are You a Clothier or Hatter?
The prosperous man will have good clothes, and the old hat is thrown away for the latest style.

Are You a Minister?
Your collections are from 50 to 100 per cent greater now than during the free trade period. Your church debt is being paid off, and the necessity for your charitable work has decreased.

Are You a Cigar Maker?
Twice as many cigars are being consumed now as were smoked in the Democratic times of four years ago.

Are You a Printer?
We buy two and three papers now where we bought one in 1895. Mer-

chants and all lines of business are using tons of printed matter, and there are no printers out of work.

Are You a Merchant?
You have more customers now than during the years of 1894-5, and your customers have more money to spend by many millions of dollars.

Are You a Bookkeeper, a Clerk or a Stenographer?
Not so hard now to get a position as it was four years ago, and the pay is better too.

Are You a Butcher?
It is estimated that the masses are eating twice as much meat as they were in 1895, and the wealthy are paying half as much again for lamb, port-house steaks and choice cuts of beef.

Whoever You Are.
Are you not better off than you were four years ago? Are you not earning more money? Are you not spending more? Do you not wear better clothes? Do you not live better? Are you not happier? Do you want to go back again to those Democratic free trade days? Is there any doubt about your vote?

Mr. Bryan has one speech for the Democrats, another for the Populists and a third one for the free silver advocates. In view of the nature of his support, the many sided Kansas City platform was absolutely necessary.

The Same Old Croaker.
In 1890 Mr. Bryan howled from a thousand stumps that the gold standard would ruin the country. And the country is richer, more prosperous, more confident than ever before.

Now Mr. Bryan is beginning to howl from a thousand stumps that imperialism will ruin the country? It is fair to assume that his later prophecies are worth just as much as his earlier ones and that expansion will be the source of new prosperity and power. Such it has been to the United States for nearly a hundred years.—New York Sun.

The Same Old Story.
J. Mortimer Brown, editor of the White Lake (S. D.) Wave, summarizes one end of the political situation in the following comprehensive manner:

You bet. Same old ticket, same old boss; Same old platform (minus cross); Same old powder, same old gun; Same old wad (stuck in one); Same old ticklers, same old growl; Same old anti-slavery howl; Same old issues—nothing new; Same old lies to help 'em through; Same old talkers, same old josh; Same old brand of campaign slosh; Same old voters (bless their souls); Same old trouncing at the polls!

A Pleading Prospect.
One of the pleasing prospects held out by Mr. Bryan is free trade, which would afford a particularly pleasing prospect to the commercial travelers, for all of the drummers of England, Germany and any other old country might profitably be turned loose among us under such a policy. Foreign drummers have been here before.

Bryan and Butler.
Senator Marion Butler of North Carolina is for Bryan, he says. But is Mr. Bryan for Marion Butler? And if Mr. Bryan is for Marion Butler he is also for government in North Carolina without the consent of the governed?

A Lie Refuted.
The large increase in the sale of mileage books makes another huge bumper for the claim that the commercial travelers are being driven out of employment.

Progressing Backward.
With his paramount issue and his back number issue Mr. Bryan makes a fine exhibition of the art of going backward.

POLITICAL POINTERS.

Mr. Croker declares that the people are ignorant. He might submit the Tammany control of New York as exhibit A in support of his declaration.

Mr. Altgeld has pronounced Mr. Bryan the greatest man in the civilized world, and Mr. Bryan has all along contended that Mr. Altgeld is one of the best judges of greatness extant.

Of the several nominees for the presidency Mr. Bryan is far the wealthiest, and he made all of his money during the prosperous times brought about by the McKinley administration.

Those who vote for Bryan vote to abandon a condition more prosperous than any ever before enjoyed by any nation for the purpose of trying a financial experiment condemned by all nations.

Jews Observe Yom Kippur.
New York, Oct. 4.—Orthodox Jews in all parts of the city celebrated Yom Kippur, the day of atonement. From the setting of the sun until the coming of darkness the succeeding day the cares of business are laid aside for solemn observances. Services are held which inculcate repentance of all the sins of the past year and determination to give up all contemplated wrong-doing of the future year.

Woolley Addresses W. C. T. U.
Dayton, O., Oct. 4.—John G. Woolley, presidential candidate on the Prohibition ticket, arrived here on his special train from Columbus. At 10 o'clock he addressed an audience of 1,000 persons at the twenty-seventh annual convention of the Ohio W. C. T. U. Mrs. Oliver W. Stewart of Chicago followed with a short address at 12:30 o'clock.

Mrs. Corbett for the Stage.
New York, Oct. 4.—Mrs. James J. Corbett is to go on the stage. This is the report in theatrical circles. She will appear in "The Naval Cadet," the play in which her husband is to star. Before going abroad Corbett arranged to star in the play. Since he returned he has come to the conclusion that it would be a good plan to have his wife appear with him. Mrs. Corbett will play the part of the deserted bride. She will be seen on the stage in the near future and will probably be billed as Vera Stanley.

AMERICANS NOT TO ATTACK.

Will Not Participate in Shan-Hai-Kwan Expedition.

ORDER TO MARINES REVOKED.

Better That Shan-Hai-Kwan Will Capitulate—Allian Troops to Move—Expedition Against Pao Ting Fu—Resistance Expected at Latter Place.

Shanghai, Oct. 4.—The American forces will not participate in the Shan-Hai-Kwan expedition. The order sending a detachment of United States marines with the allied forces has been revoked. The allies do not expect any opposition, as they have been advised that the authorities of Shan-Hai-Kwan have been instructed to capitulate.

Field Marshal Count von Waldersee has been notified of the withdrawal of the American and Russian troops. The United States marines will proceed to Cavite.

The movement of Indian troops will begin in ten days. The British and Germans continue sending troops to Pekin.

There are renewed preparations for an expedition in force against Pao Ting Fu. The troops will probably leave in a fortnight, and columns from Pekin will co-operate with the expedition. Resistance is expected, as the Boxers are there in large numbers.

THE HORRORS OF SHANSI.

Teacher Brings Story of Missionaries' Deaths.

Tientsin, China, Sept. 5 (via San Francisco, Cal., Oct. 4).—The story of massacres in Shansi province was told today for the first time. The terrible narrative, or series of narratives, comes from a native Christian teacher, who escaped and who reached Tientsin after a remarkable journey on foot and by boat. Horrible deaths were suffered by American, English and Swedish missionaries and by native converts. So far as known, the bearer of these gruesome tidings is the only Christian to escape alive. He was graduated from the North China college and speaks English fluently.

His story covers a period from early June, when the troubles began, down to the latest known outrage, which occurred August 15 at Yenchoufu, about fifty miles southwest of Tientsin, when Mr. and Mrs. Atwater and their two little children, Mr. and Mrs. C. W. Price, their son, all of the American board; Mr. and Mrs. Laugren of the Swedish mission, and Miss Eldred an English woman, were butchered. The refugees' story of the murders directly implicates Hubsien, governor of Shansi, who has previously been charged with instigating and abetting the killing of foreigners.

The first murders occurred June 23, when two women, members of the China inland mission were killed at Hsia Ti Hsue. They were Miss Whitechurch and Miss Sewell, who lived alone at the mission, a remote place. On the day mentioned about 300 Boxers forced an entrance into the mission compound and some of the village men smashed the gate. The local magistrate was sent for, but it is said, he reproved the messenger for disturbing him. The mob took this for an indication that they were not to be interfered with and forced an entrance into the house. The women made vain appeals for mercy, but were beaten to death with clubs and heavy glass kettles. It is said that one of them survived the assault about an hour. Their clothing was stripped off and their valuables stolen.

The next outrage took place at Shou Yang about seventy-five miles from Tai Yuan Fu, on June 29. In all, thirty-three persons were slain.

Forty native Christians were also slain and the following day the Catholic priests, said to have all been Frenchmen, were beheaded. In addition to the Piggott party from Shou Yang, the following perished at Tai Yuan: Mr. Stokes and wife; Mr. Simpson and wife; Mr. Bernan, wife and three children; Mr. Farthing, wife and three children; Dr. Leavitt, wife and one child; Dr. Miller Wilson and wife; Mr. Whitehouse and wife. The list is incomplete, but it is certain that in all thirty-three white persons were slain.

Ships Ordered to Taku.

Wei-Hai-Wel, Province of Shantung, Oct. 4.—The British first-class cruiser Terrible and the British second-class cruiser Arethusa, with the transports having on board the Third brigade of British Indian troops, started for Taku at short notice.

Pekin, Oct. 4.—After the return of the German expedition to the southward, a small Japanese force left Huang-Tsun for Tsing-Yang, where the Boxers are supposed to be congregating.

The Russians remaining in Pekin are two battalions of infantry and a battery of artillery. Col. Trotiakoff commanding. They will hold the summer palace and the Manchiao railway terminus.

Villalobos Is Safe.

Washington, D. C., Oct. 4.—The navy department has just received the following cablegram from Admiral Kempff:

"Cavite, P. I., Oct. 3.—Secretary Navy, Washington: No truth in any unfavorable reports concerning Villalobos or her crew. Manila paper, Sept. 28, published false report."

"KEMPFF." The Villalobos is the American gunboat recently reported lost.

GUIDE FOR RAILWAY EXCURSIONISTS

Cleanest in America.

The Lackawanna Railroad is the cleanest railroad in America. Even though it cared little for the comfort of its passengers, which it does, it probably would burn hard coal, for the reason that it owns the most extensive anthracite coal mines in Pennsylvania, and it is cheaper for it to burn hard coal, which makes no smoke, than soft. At any rate, there is no smoke from its locomotives. It is built for the most part through the mountains where rock is the material easiest of access, and its road bed for that reason is rock ballasted. There is therefore, no dust. These two things are of unusual interest to the traveler by the line, for the reason that on no other road in the United States is there stronger incentive to keep one's eyes upon the passing scene. It is said of this line truthfully that every mile is picturesque. It traverses the agricultural region of Western New York, the valley region of Central New York, the mountain region of Pennsylvania and New Jersey, and every mile offers a view that is beautiful, interesting and entrancing. In point of comfort its passengers are particularly fortunate, for, in addition to there being no smoke or dust, the cars are roomy and scrupulously clean. Sleeping cars, parlor cars and dining cars offer all the conveniences and comforts of modern travel.

MOSQUITO FLEET FOR CUBA.

Five New Revenue Vessels Sail from Philadelphia.

Philadelphia, Oct. 4.—The mosquito fleet built for the United States customs service in Cuban waters arrived in this city yesterday and sailed en route to their destination by the outside route. The five boats were built at Elizabethport, N. J., and will make the run to Havana through the canal, Dismal Swamp to Florida Keys and thence through the Gulf of Mexico to Havana. The boats will carry rapid-fire guns and will be divided up for use at the different Cuban ports on their arrival at Havana. On a trial trip recently the boats developed an average speed of eleven and one-half knots. They have modern accommodations for the officers and crews. The flagship is seventy feet long, while the other four boats are each only sixty feet long. The vessels created considerable interest while here.

Rich Finds at Porcupine.

Victoria, B. C., Oct. 4.—Provincial Mineralogist Robertson, who has just returned from Porcupine, reports rich finds of gold in that district and predicts a big rush there. Already there are a number of men in that district. Fifty-five claims were staked on Bear and Clear creeks in one day. Good reports also come from the headwaters of Stewart River, where 25 cents a pan is being taken out.

Moral Wave Strikes Skagway.

Tacoma, Wash., Oct. 4.—The moral wave which has struck Alaska and threatens to result in the closing of the dance halls and variety theaters at Nome seems not to have stopped there, but is now being felt at Skagway as well. According to advices which arrived from the latter place the members of the W. C. T. U. and kindred organizations are making a vigorous crusade against the regaining of licenses to four of the leading saloons of that city. In regard to the recent order against the gamblers and variety theaters at Dawson City these most concerned in a financial way seem not to be at all frightened.

Peoria's Corn Palace Opens.

Peoria, Ill., Oct. 4.—Peoria's second annual corn exposition and carnival opened under most favorable circumstances. The gates to the exposition inclosure and corn palace were thrown open at 10 o'clock, though the formal opening did not take place until 3 P. M. A. Grier, president of the board of control, announced the brief exercises. Mayor Henry W. Lynch declared the exposition open and extended Peoria's welcome to the guests of the next ten days. It is estimated that 125,000 persons will visit the city during the carnival season.

Arrested on Bribery Charge.

Cleveland, O., Oct. 4.—City Councilman J. R. O'Donnell was placed under arrest shortly after midnight this morning on a warrant charging him with unlawfully soliciting and accepting a bribe of \$200. This is the result of the city hall investigation into the charges of bribery in connection with the awarding of a contract to the Gamewell Fire Alarm and Telegraph company. The city law department announces that other warrants will be issued.

Democrats Elect in Georgia.

Atlanta, Ga., Oct. 4.—Reports received from all parts of the state indicate that the Democratic majority in the election for state officers, members of the general assembly, and local county officers, will be about 50,000. Following is the successful state ticket: Governor, Allan D. Candler; secretary of state, Phil Cook; attorney-general, J. M. Terrell; controller-general, W. A. Wright; treasurer, R. E. Park; commissioner of education, G. R. Glenn; commissioner of agriculture, O. B. Stevens.

Breach Widens in Montana.

Butte, Mont., Oct. 4.—The Dalrymple state convention completed its work here. Thomas S. Hogan, the present secretary of state, was nominated for governor and Cornelius F. Kelly for congress. The Bryan electors selected by the Clarkites and labor party were endorsed. Kelly, it is claimed, is ineligible, on account of his youth, being under 25 years.

Sugar Market Demoralized.

New York, Oct. 4.—The sugar market is demoralized. The American company has reduced its price for refined fifteen points. Arbuckle Brothers have reduced their list price twenty points for fine granulated. This is five points under the American and other refiners, and it is rumored that other independent refiners are making reductions of twenty-five points.

Dreyfus Has Changed.

Captain Dreyfus is described by a correspondent who has just seen him as having undergone a wonderful change in his appearance since he landed in Paris about a twelvemonth ago. He is no longer wan and thin, a veritable wreck and the picture of melancholy. On the contrary, he has grown much stouter, has a healthier color and seems really gay and light-hearted.

Late Chief Justice's Son.

If Lord Coleridge, who celebrated his forty-ninth birthday recently and who is a barrister at law, ever becomes a judge he will only be following in the footsteps of his father and grandfather, both of whom rose to the bench, the first named as lord chief justice. Lord Coleridge was in the house of commons when his father died and his disgust at having perforce to go to the house of lords was great in the extreme.

Reveled in the Doxology.

Cincinnati's idea of revelry may be inferred from the following headlines of the Commercial-Tribune over the news announcing the relief of the legation at the Chinese capital: "Revelry in Pekin—How the Beleaguered Foreigners Celebrated Their Rescue—They Sang the Doxology."

Home for Old Horses.

A home for old horses that have given faithful service all their useful days and a cemetery for them and all other animals that have been faithful companions of man are the institutions advocated in a pamphlet issued by Dr. H. H. Kane, a well known horseman and a member of the S. P. C. A. of Brooklyn.

Liverpool Is Growing Great.

Notwithstanding the great enlargement of the city of Liverpool in 1896, when out-districts all around the city were added to the municipality, bringing the population up to the estimated total of 700,000, a movement is on foot for another extension.

A COMMON ERROR.

The Same Mistake is Made By Many Janesville People

It's a common error to plaster the aching back, to rub with liniment rheumatic joints, when the trouble comes from the kidneys. Doan's Kidney Pills cure all kidney ills, and are endorsed by Janesville citizens.

Mr. Samuel Griffin, of 208 Locust St. journeyman carpenter, says: "I had a severe attack of la grippe and as a result weakness of the kidneys set in. The secretions from those organs were greatly disordered, annoyed me much at night and I seemed to have limited control of them. After finishing the treatment my kidneys were so strengthened that I could sleep all night without being disturbed. I am better now than I have been for years, and give all credit to Doan's Kidney Pills for bringing about this result."

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name, Doan's, and take no substitute.
